UNIVERSITY OF PÉCS

**The Organizing Committee invites you to join Eurosteel 2011.**

The 6<sup>th</sup> European Conference on Steel and Composite Structures, organized by the three major Hungarian Technical Universities, follows the Conferences held earlier in Athens (1995), Prague (1999), Coimbra (2002), Maastricht (2005) and Graz (2008).

The Conference will be held in the heart of Budapest, hosted by the Budapest University of Technology and Economics. The Conference offers a platform to discuss a wide range of problems related to great variety of research, design and construction activities.
